

EXPERIENCE

UEGroup

User Interaction Design Intern

2014 - 2015

Willow Glen, CA

Joined the design team within the UEGroup to help design, prototype and build digital products. Worked as a designer on a variety of internal and client projects, the most notable project being a major AAA video game.

Now We're Cookin'

<http://nwcgame.com>

2013 - 2014

Now We're Cooking is a mobile game for Android and iOS devices. The game is a cooking/strategy game that takes place in a reality cooking tv show. Somehow, the host has turned all the food evil. Players must successfully cook food and serve it before it reaches the player's chef who are desperately trying to fight them off.

University of California, Santa Cruz

Web Developer

2013 - 2014

Santa Cruz, CA

Developed two web applications for a small team of education researchers. These web applications were tools to be used to help conduct two different research studies.

Merit World

Private Tutor

2013

Santa Cruz, CA

Responsible for teaching the fundamentals of web design to high school students. Helped students create online portfolios using Wordpress.com and basic websites with HTML and CSS.

Cubico Media Labs

Web and Graphic Design Intern

2013

Santa Cruz, CA

Responsible for designing and creating graphics for different apparel. Designed new layout for existing e-commerce website, built template to be used for redesign using HTML and CSS.

Solar Crisis

<http://games.soe.ucsc.edu/project/solar-crisis/>

2012

Solar Crisis is a fast paced arcade shooter where the player chooses to defend themselves or repair the solar panel they reside upon. As the solar panel degrades the level changes dynamically making it harder for the player to survive. This game can be played with up to four players, both versus and cooperatively.

SUMMARY

I am an aspiring designer who enjoys creating new forms of interactive media. I have experience designing, researching, wireframing, prototyping and creating software applications ranging from websites, mobile apps and video games. When I'm off the computer, I like to spend my time skateboarding, playing guitar, producing music, playing video games or adventuring with friends.
