

EXPERIENCE**Galileo Learning @ The Tech**

2014 - 2015

Lead Instructor: 3D Game Design

San Jose, CA

Prepared for and delivered six hours of instruction and comedy to groups of up to 28 campers while supervising staff. I created and tested two different curriculum's; an intro course using Kodu and a masters course using the Unreal Engine. Assisted in teaching a Mobile App Creation class where we used Android Studio to create apps for Android devices.

UEGroup

2014 - 2015

User Interaction Design Intern

Willow Glen, CA

Joined the design team within the UEGroup to help design, prototype and build digital products. Worked as a designer on a variety of internal and client projects, the most notable project being a major AAA video game.

Now We're Cookin'

2013 - 2014

<http://nwcgame.com>

Now We're Cooking is a casual mobile game for Android and iOS devices. This cooking/strategy game takes place in a reality cooking tv show, where somehow, the host has turned all the food evil! Trapped with no escape, the chefs must successfully cook the required dishes and serve them off before it's too late!

University of California, Santa Cruz

2013 - 2014

Web Developer

Santa Cruz, CA

Developed two web applications for a small team of education researchers. These web applications were tools to be used to help conduct two different research studies.

Merit World

2013

Private Tutor

Santa Cruz, CA

Responsible for teaching the fundamentals of web design to high school students. Helped students create online portfolios using Wordpress.com and basic websites with HTML and CSS.

Cubico Media Labs

2013

SUMMARY

I am an aspiring designer who enjoys creating new forms of interactive media. I have experience designing, researching, wireframing, prototyping and creating software applications ranging from websites, data visualizations, mobile apps and video games. When I'm off the computer, I like to spend my time skateboarding, playing guitar, producing music, playing video games or adventuring with friends.
